INSTRUÇÕES

1. **Confira, acima, o seu número de inscrição, turma e nome. Assine no local indicado.**
2. Aguarde autorização para abrir o caderno de prova. **Antes de iniciar a prova**, confira a numeração de todas as páginas.
3. Esta prova é composta de 40 questões de múltipla escolha, com 5 alternativas cada uma, sempre na sequência **a, b, c, d, e**, das quais somente uma deve ser assinalada.
4. A interpretação das questões é parte do processo de avaliação, não sendo permitidas perguntas à equipe de aplicação de prova.
5. Ao receber o cartão-resposta, examine-o e verifique se o nome nele impresso corresponde ao seu. Caso haja irregularidade, comunique-a imediatamente à equipe de aplicação de prova.
6. O cartão-resposta deverá ser preenchido com caneta esferográfica de tinta preta, tendo-se o cuidado de não ultrapassar o limite do espaço para cada marcação.
7. A duração da prova é de 3 horas, e esse tempo é destinado à resolução das questões e à transcrição das respostas para o cartão-resposta.
8. **Terá sua prova anulada e será automaticamente desclassificada do Processo Seletivo a pessoa que:**
 - a) se afastar da sala, a qualquer tempo, portando o caderno de prova e o cartão-resposta;
 - b) descumprir instruções/determinações contidas no caderno de prova ou recebidas de qualquer pessoa da equipe de aplicação;
 - c) destacar ou rasgar qualquer página do caderno de prova, salvo a parte reservada para anotação de suas próprias respostas, devidamente indicada na capa do caderno de prova;
 - d) faltar com o devido respeito para com qualquer pessoa da equipe de aplicação da prova, autoridade presente ou qualquer outra pessoa;
 - e) for responsável por ruídos (som/vibração) emitidos por equipamentos eletrônicos, tais como relógio, celular ou outros aparelhos eletrônicos;

CONHECIMENTOS GERAIS

O texto a seguir é referência para as questões 01 e 02.

Em 10 de dezembro de 1987, Londrina foi palco de um evento que entraria para a história policial brasileira: o assalto com o maior número de reféns já registrados no país. Sete homens armados invadiram a agência do Banestado, exigindo uma montanha de 30 milhões de cruzados e, no processo, mantiveram mais de 300 pessoas reféns.

Essa é a história que o diretor José Eduardo Belmonte decidiu contar em *Assalto à Brasileira*, filme que adapta um dos capítulos policiais mais bizarros do país. O longa não perde tempo com introduções prolixas; rapidamente somos jogados no olho do furacão, acompanhando Paulo (Murilo Benício), um jornalista recém-demitido que vai à agência buscar sua rescisão, e Moreno (Christian Malheiros), o líder do assalto. Os motivos dos criminosos são contextualizados pela crise econômica da época, mas o filme prefere a ação imediata a longas explicações.

Benício é o grande destaque do longa. Ele entrega uma atuação fantástica, um equilíbrio entre a tensão, a comédia e a malandragem do personagem em cada cena, seja no desespero inicial ou nas negociações com a polícia. Contudo, o foco não recai apenas sobre o ator. Quase todo o elenco entrega performances memoráveis. Muitos dos reféns roubam a cena com reações cômicas diante do absurdo, e a química entre os assaltantes é um acerto cirúrgico; suas interações fazem o público se divertir, como se tivessem reunido “Os Trapalhões” para executar um grande assalto. [...]

Outro ponto técnico que merece destaque é a direção de arte e a fotografia. Trabalhando com um espaço limitado – o banco assaltado em questão –, a equipe constrói uma ambientação incrivelmente fiel à década de 80, desde a redação da Folha de Londrina até a multidão histérica do lado de fora. [...]

A situação hipotética a seguir é referência para as questões 07 e 08.

Ao preparar seu plano de aula sobre um determinado tópico, uma professora selecionou materiais em diferentes suportes: vídeo, imagem, HQ e textos escritos (literário e não literário). Uma semana antes dessa aula, a professora disponibilizou todo o material aos alunos e às alunas, encaminhando-o pelos endereços de e-mail que cada estudante tem cadastrado na escola, bem como inserindo-o na plataforma digital de uso cotidiano na instituição. Também foram indicados para leitura materiais complementares, que alunos e alunas deveriam acessar em diferentes sites. A professora orientou que todos esses materiais deveriam ser lidos. Os materiais não indicavam explicitamente o tópico que seria objeto da aula, mas, de uma maneira ou outra, ele estava tematizado em todos. No dia previsto para a aula sobre o tópico, a professora dividiu a turma em grupos, solicitando que cada grupo sintetizasse o tema central de cada material. Em seguida, cada grupo expôs sua síntese aos demais. Após o compartilhamento das leituras dos grupos, a professora distribuiu a cada estudante um questionário com perguntas que iam gradativamente fechando o foco no tópico que ela havia previamente selecionado como tema daquela aula.

07 - A forma de encaminhamento didático utilizado pela professora nessa atividade constitui uma metodologia ativa conhecida como:

Why strength training advice for women is mostly wrong

For years, women were told to train differently because of their hormones. New research suggests the fundamentals of building strength and muscle look remarkably similar across sexes.

For decades, women have been told they need special workout rules. Don't lift too heavy. Train around your hormones. Change your workouts throughout the month.

The advice seemed logical. Men have substantially higher testosterone levels, a hormone that plays a major role in muscle growth. "Testosterone increases muscle mass in boys, and so you get an adult 20-year-old man and an adult 20-year-old woman, and there's going to be differences in baseline muscle size and strength," says Lauren Colenso-Semple, a researcher and science communicator specializing in female physiology and exercise.

____(1)____ a growing body of research suggests those differences may matter less than many people assume once training begins. A 2025 meta-analysis published in PeerJ found that women have a similar capacity for muscle growth, known as hypertrophy, as men. While men typically start with more muscle mass, women make comparable relative gains in muscle mass through resistance training.

Once people start exercising, the sex differences disappear quite quickly: "When you think about lifting weights and the magnitude of muscle size and strength that you can gain in response to training, the trajectory is very, very similar in men and women," says Semple, a researcher and science specializing in female physiology and exercise.

____(2)____ hormones can influence how exercise feels from day to day, there is little evidence that most women need entirely different training programs to build muscle, strength, or fitness. That matters because resistance training remains one of the most powerful tools for improving cardiovascular health, preserving bone density, and supporting healthy aging.

Available in: <https://www.nationalgeographic.com>.

14 - In the sentence "A hormone that plays a major role in muscle growth", the underlined expression means that the hormone:

- a) has a peripheral purpose.
- b) is significant in size.
- c) is very accurate.
- d) is a shortcut.
- e) is critically important.

15 - Mark the alternative that fills in the gap (1) with the correct conjunction.

- a) Therefore
- b) After
- c) But
- d) While
- e) Once

16 - The underlined sentence "Train around your hormones" in the text presents the idea that women:

- a) know that lifting weights is less effective for them.
- b) have a higher capacity to increase upper-body strength than men.
- c) are told to adjust their workout types to match their monthly fluctuations of their menstrual cycle.
- d) appear to be more fatigue-resistant than men during certain types of exercise.
- e) should be tailoring their workouts depending on their medical history, their fitness, and their age.

17 - Mark the alternative that fills in the gap (2) with the correct conjunction.

- a) Because
- b) Although
- c) Until
- d) Wherever
- e) Provided that

18 - Consider the following sentences:

1. When a man begins training, he usually starts with more muscle mass.
2. When the process of working out begins, differences between men and women become insignificant.
3. Regular exercise maintains the body's strength and it is the basis of aging well.
4. In the past, women were told to focus less on optimizing around their hormones and more on the fundamentals of getting stronger.

The text contains the idea(s) in the sentence(s):

- a) 4, only.
- b) 1 and 2, only.
- c) 3 and 4, only.
- d) 1, 2 and 3, only.
- e) 1, 2, 3 and 4.

The following text is reference to questions 23 to 26.

‘He was not a hero’: How the dark, violent medieval origins of Robin Hood were erased

Robin Hood began as an oral tradition in the 12th Century before morphing into a heroic, family-friendly stereotype – here’s how new takes are restoring his dark side.

When writer and director Michael Sarnoski began shooting his new film, he showed the cast and crew one he has always loved. It was Disney’s 1973 animated Robin Hood, its hero a fox with a feather in his green cap, robbing the rich to give to the poor.

That beloved version could not be further from The Death of Robin Hood, Sarnoski’s dark, thoughtful drama. Hugh Jackman stars as a grey-haired, battle-weary Robin, reflective at the end of his life and acutely aware of his own legend.

When he encounters a woman who talks about the virtuous, justice-seeking Robin Hood, he denies who he is and speaks of himself in the third person. “He was not a hero. He robbed and killed for the joy of it, nothing more.”

Available in: <https://www.bbc.com>.

23 - Taking into account “The Death of Robin Hood”, consider the following affirmatives:

1. Robin Hood is portrayed as an old man tired of fighting.
2. Robin Hood considered himself an antihero.
3. Robin Hood murdered and robbed for the sheer pleasure of it.
4. As in Sarnoski’s film, Robin Hood’s dark side was restored in the seventies.

Mark the correct alternative.

- | | |
|---|--|
| a) Only affirmative 1 is correct. | ► d) Only affirmatives 1, 2 and 3 are correct. |
| b) Only affirmatives 2 and 4 are correct. | e) Affirmatives 1, 2, 3 and 4 are correct. |
| c) Only affirmatives 3 and 4 are correct. | |

24 - Mark the alternative that substitutes the word “shooting”, underlined in the text, correctly.

- | | |
|----------------|------------------|
| ► a) recording | d) discarding |
| b) destroying | e) thinking over |
| c) releasing | |

25 - The phrasal verb, underlined in the text, “morphing into” means:

- | | |
|---------------------------|--------------------|
| ► a) transforming into. | d) mocking. |
| b) resisted turning into. | e) doubting about. |
| c) pretending to be. | |

26 - According to the text, it is correct to say that:

- a) Michael Sarnoski has always despised the fox version of Robin Hood.
- b) in Disney’s 1973 film, Robin Hood puts all his efforts to achieve social justice.
- c) a fancy young man plays the main role in Disney’s animated version of Robin Hood.
- d) Robin Hood of the early oral tradition was a heroic, family-friendly figure.
- e) Sarnoski’s film is largely based on Disney’s 1973 animated Robin Hood.

The following text is reference to questions 27 to 30.

A YouTuber has been banned for life from visiting all Six Flags parks after posting a viral video that appeared to show him eating chicken nuggets while riding one of the country's most famous roller coasters.

The video, uploaded in May by content creator Allen Ferrell, shows him attempting to eat McDonald's chicken nuggets while riding Millennium Force at Cedar Point in Sandusky, Ohio.

The stunt quickly gained attention online, generating hundreds of thousands of views and prompting a response from park officials.

The company said food and other loose items are prohibited on rides because they can create safety hazards.

"Safety is a cornerstone of our business, and we have zero tolerance for inappropriate and unsafe behavior," a Six Flags spokesperson told Fox News Digital.

Available in: <https://www.foxnews.com>.

The following text is reference to questions 31 to 35.

Bats are flying mammals. They are warm blooded creatures that hibernate in winter. Growing warmth from the sun _____ sleep in March or April. In many British gardens, they can be seen at dusk – and occasionally even in daytime – right through to October or even later. Their diet consists entirely of insects which they detect by echolocation, usually in flight. The sound waves issued through their mouths or noses help them to navigate, as well as to find food.

Britain has 17 different species of bat. A lot of these have been recorded in gardens and several species may roost in houses. In many parts of the world, bat populations have declined dramatically. British bats are under threat and many species are now much less common than they used to be. Some species of British bat are very rare and a few species are close to extinction.

Bats normally remain hidden during the day and their small, black droppings in your roof space often provide the only evidence of their presence. Mice droppings are hard but those of bats consist of insect skeletons and crumble to dust if rubbed between finger and thumb. All bat species and their roosts are protected by law because they are so vulnerable. British bats are quite harmless to humans and should not be disturbed.

Available in: <https://www.esolcourses.com>.

31 - Consider the following expressions:

1. Warm blooded creatures.
2. Insect skeletons.
3. Mice droppings.
4. Flying mammals.

The expression(s) that refer(s) to bats is/are:

- a) 1, only.
- b) 2 and 3, only.
- ▶ c) 1 and 4, only.
- d) 2, 3 and 4, only.
- e) 1, 2, 3 and 4.

32 - Mark the alternative that fills in the gap.

- a) makes them migrate and go back to
- b) frightens them in their
- ▶ c) wakes them from
- d) disturbs their
- e) makes them regret their excessive

33 - In the sentence "All bat species and their roosts are protected by law", the underlined word refers to the:

- a) bat pups.
- b) food they eat.
- c) places they navigate to.
- d) flexible skin membranes.
- e) places they rest.

34 - Consider the following ideas:

1. The reasons bats emit sound waves.
2. The places British bats usually stay.
3. The number of bat categories in Britain.

35 - Consider the following sentence:

"Bats normally remain hidden during the day and their small, black droppings in your roof space often provide the only evidence of their presence."

According to the sentence, the only sign of a bat existence on a roof is:

- a) their excrement.
- b) the sound they make.
- c) their movement.
- d) the color they have.
- e) their size.

The following text is reference to questions 36 to 40.

A professional cornhole player who is a quadruple amputee has been arrested in connection with a fatal shooting

Dayton Webber, 27, is accused of killing a man in the front seat of his car during an argument on Sunday in his hometown of La Plata, Md. – about 30 miles south of Washington, D.C. – according to the Charles County Sheriff's Office.

The sheriff's office said in a press release that passengers in the backseat saw Webber shoot Bradrick Michael Wells, also 27, before he pulled over and asked them "to help pull the victim out of the car". They refused and left, at which point Webber "fled with the victim still in the car." All of the passengers knew each other, authorities said.

Nearly two hours later, a resident _____ Charlotte Hall, Md., about 14 miles away, called the police to report "a body _____ a yard," the sheriff's office said. Responders identified Wells and pronounced him dead _____ the scene.
